Gardner Scenic Roads Ordinance

Section 1. AUTHORITY AND PURPOSE

Section 1.1 AUTHORITY

This ordinance is adopted under authority of Chapter 40, Section 15C of Massachusetts General Law.

Section 1.2 PURPOSE

The purpose of this ordinance is to maintain the rural, natural, historic and scenic character of the City's roadways. The ordinance ensures that:

1. City ways will be recommended for designation as scenic roads in accordance with the criteria stated in this ordinance; and
2. Trees and stone walls within the rights-of-way or layouts of all designated scenic city roads will not be altered without the public hearing required by, nor without following the other procedures set forth in, this ordinance.

Section 2. DEFINITIONS

For terms not qualified or defined in Chapter 40, Section 15C of the Massachusetts General Laws the following meanings shall apply for the purposes of this ordinance:

- A. "Cutting or removal of trees" shall mean the removal of one or more trees, trimming of major branches, or cutting of roots sufficient in the City Forester's written opinion to cause eventual destruction of a tree.
- B. "Repair, Maintenance, reconstruction, or paving work" shall mean any work done within the right-of-way by any person or agency, public or private. Construction of new driveways, roads or alteration of existing ones is included, insofar as it takes place within the right-of-way. Construction or alteration of water, sewer, electric, telephone, cable TV, or other utilities within the right-of-way is also included.
- C. "Road" shall mean the entire right-of-way of a vehicular traveled right-of-way including any necessary appurtenances including bridge structures, drainage systems, retaining walls, traffic control devices, and sidewalks, but not intersecting streets or driveways. The right-of-way includes the area on and within the boundaries of the public way. If the boundaries are not officially known, any affected tree or stone wall shall be presumed to be within the public right-of-way until shown to be otherwise.

D. "Tearing down or destruction of stone walls" shall mean the destruction of more than ten linear feet of stone wall involving more than one cubic foot of wall material per linear foot above existing grade. Temporary removal and replacement at the same location with the same materials is permitted without Planning Board approval if the City's Highway Department is notified before the work begins so that it can confirm that the wall is properly replaced. Repair of a stone wall, not involving tearing down or destruction of the wall, is not covered by this ordinance.

E. "Trees" shall include a tree whose trunk has a diameter of one and one half inches or more as measured four feet above the ground. Nothing in this definition shall be construed to permit a person, other than the City Forester or his designee, to trim, cut down or remove a public shade tree more than one and one-half inches in diameter one foot from the ground.

Section 3. CRITERIA FOR DESIGNATION AS A SCENIC ROAD

In determining which roads or portions of roads should be recommended to the Gardner City Council for designation as scenic roads, the following criteria shall be considered:

1. overall scenic beauty;
2. contribution of trees to scenic beauty;
3. contribution of stone walls to scenic beauty;
4. age and historic significance of roads, trees, and stone walls;
5. built features such as historic buildings, historic monuments, historic burial grounds. historic structures, farm buildings and fencing; and
6. road features such as historic layout, surface, carriage width, use restrictions, non-historic bridges.

Roads that have previously been designated as scenic roads may be re-evaluated using the foregoing criteria.

Section 4. PROCEDURE FOR DESIGNATING SCENIC ROADS

The Planning Board, the Gardner City Council, the Conservation Commission, the Historical Commission, or a petition of ten (10) citizens of the City may propose “scenic road” designation for any Gardner road other than a numbered route or state highway as a scenic road. The City Council then shall hold a joint Public Hearing with the Planning Board notifying the City Forester, the Highway Department, the Conservation Commission and the Historical Commission and the public by advertising twice in a newspaper of general circulation, the first advertisement to appear at least fourteen (14) days prior to the date of the public hearing. A majority vote of the Gardner City Council is required for designation as a scenic road. Following designation by the Gardner City Council, the Planning Board shall:

1. notify all municipal departments that may take any action with respect to such road;
2. notify the Massachusetts Department of Highway;
3. indicate such designation on all maps currently in use by municipal departments;
and
4. notify all utility companies or other such parties which may work or be working on the border of such road.

Section 5. PROCEDURES

Section 5.1 FILING

Any person or organization or agency seeking the consent of the Planning Board under M.G.L. Chapter 40, Section 15 C regarding road repair, maintenance, reconstruction, or paving work that may involve the cutting or removal of trees or the tearing down of stone walls, or portions thereof shall file a request with the Planning Board and submit the following information:

1. the text of the legal notice identifying the location of the proposed action in terms enabling the readers to locate it with reasonable specificity on the ground without the need for additional plats or references, and describing in reasonable detail the proposed changes to trees and stone walls;'
2. a statement of the purpose, or purposes, for the proposed action;
3. plans, drawings or other explanatory reference material showing the specific design or engineering details;
4. except in the case of City departments, a fee sufficient for the cost of advertising and notification shall be paid by the applicant.
5. any further explanatory material useful to adequately inform the Planning Board.

Section 5.2 NOTICE

The Planning Board shall, as required by statute, give notice of its public hearing by twice advertising in a newspaper of general circulation in the area, with the first publication of the notice to be at least fourteen (14) days prior to the hearing and the last at least seven (7) days prior to the hearing. Copies of the notice shall be sent to the City Council, Conservation Commission, Historical Commission, City Engineer, City Forester and Highway Department

Section 5.3 TIMING OF THE HEARING

The Planning Board shall hold a public hearing within 30 days of receipt of a properly filed request, and shall make a decision within 60 days of that receipt, unless a longer time is agreed to by the applicant.

Section 5.4 REPORTING OF DECISION

The Planning Board shall, within 60 days of receipt of a properly filed request, submit a written determination of consent or denial to the applicant.

Section 5.5 PUBLIC SHADE TREES

Notice shall be given and Planning Board hearings shall be held in conjunction with those held by the City Forester acting under M.G.L. Chapter 87. Consent to an action by the Planning Board shall not be construed as consent by the City Forester or vice versa. A Planning Board decision shall contain a condition that no work shall take place until all applicable provisions of M.G.L. Chapter 87 have been complied with.

Section 5.6 EMERGENCY REPAIR

The procedures of this ordinance shall not apply when the City Forester acts in an emergency in accordance with M.G.L. Chapter 87 to remove fallen trees, diseased trees, or limbs which cause an obstruction to public travel or a dangerous situation with respect to utility lines.

Section 6. CONSIDERATIONS

In acting on applications concerning scenic roads, the Planning Board shall take into consideration the following:

1. preservation of natural resources;
2. preservation of historic resources;
3. scenic and aesthetic characteristics;
4. environmental values;
5. public safety;
6. local residential traffic patterns and overall traffic volume and congestion;
7. compensatory actions proposed, such as tree and wall replacement;
8. functional importance and urgency of repair, maintenance, reconstruction, or paving;
9. additional evidence contributed by abutter, City departments, and other interested parties;
10. existence or absence of reasonable alternatives; and
11. other planning information.

Section 7. ROAD AND DRIVEWAY DESIGN STANDARDS

At a minimum, driveways shall be consistent with Gardner regulations for residential driveways and curb cuts and shall comply with this ordinance.

Only one driveway cut per lot onto any scenic road shall be allowed. A new driveway on a scenic road shall not exceed twelve feet in width.

Stone wall sections to be removed for a driveway shall not exceed the driveway width by more than one foot.

Stone wall sections to be removed for a new road shall not exceed the road width by more than ten feet.

No tree with a trunk exceeding eight inches in diameter four feet above the ground or cluster of trees within six feet of one another with trunks six inches in diameter four feet above the ground shall be removed for a new driveway or road unless the curb cut cannot be safely located elsewhere.

SECTION 8. ENFORCEMENT

Failure to file with the Planning Board for permission to cut or remove trees or for destruction of any portion of a stone wall within the layout of any scenic road will require an immediate filing as detailed above and the applicant shall be required to restore the features if required by the Planning Board. This restoration shall consist of replacing the stone wall as necessary and replacing the trees cut on a square-inch per square-inch basis (combined area of the replacement trees measured one foot above ground level to equal total area of the original tree trunk as measured at the stump) at locations specified by the Planning Board.

Failure to comply with a duly issued decision of the Planning Board shall be subject to restoration as detailed above and other remedial measures that the Planning Board deems necessary, including, but not limited to the enforcement of the restoration measures as stated above. Any decision not carried out within two years of issue shall be void and shall require a new filing.

The Planning Board and the City Forester, where appropriate, shall have the authority to enforce the provisions of this ordinance.

Any violation of this Ordinance, M.G.L. Chapter 40, Section 1 5C, or a Planning Board decision issued under this Ordinance or M.G.L. Chapter 40, Section 1 5C, shall be punishable by a fine not to exceed three hundred dollars per violation.
